OUR INSPIRATION

Sri Aurobindo Ghosh
Great Yogi and Teacher

विद्या ददाति विनयं विनयाद्याति पात्रताम्।
पात्रत्वाद्धनमाप्नोति धनाद्धर्मं ततः सुखम्॥

Knowledge gives discipline, from discipline comes worthiness,
from worthiness one gets wealth, (one does) good deeds, from that
(comes) joy.

FROM THE DESK OF THE CHAIRPERSON

At the outset, I would like to take the blessings of Sri Aurobindo, whose name I found auspicious, and have undertaken to launch a school project with his name.

We intend giving students education with a holistic approach, and providing them complete facilities, and an ambience to learn, at our existing sprawling campus at Sirsi Road, Jaipur. The school is poised to have the latest training of the mind, and schooling of exemplary behavior, positive attitude and basic manners.

I congratulate and wish everyone success, who are associated with us, in this new undertaking.

Smt. Bharti Prashar

FROM THE DESK OF THE DIRECTOR

"AUROBINDO INTERNATIONAL SCHOOL is an institution that stands apart from the rest in every aspect, encompassing both intellectual and physical growth."

It has been my dream to provide the people of Jaipur, with a unique school where the faculty of mind is polished and their physical ability, also being chiselled, by way of participation in various games and sports.

I am really proud of offering a myriad sports activities like cricket, football, basketball, lawn tennis, table tennis, chess and other games, which will definitely pave way for a complete and overall development of the child.

This comprehensive approach to education is further complimented by smart classes and cutting edge technology based learning.

I invoke the blessings of Maa Saraswati, seeking her unwavering guidance & support as we embark on this endeavour and striking for excellence in all our pursuits.

Dr. Bharat Prashar

FROM THE DESK OF THE PRINCIPAL

"The function of education is to teach one to think intensively and to thin critically. Intelligence plus character- that is the goal of true education"

-Martin Luther King Jr.

Aurobindo International School aspires all students to succeed in their world. It offers a wide variety of challenging, enjoyable and successful curricular opportunities, athletic programmes, performing arts and musical programmes with various clubs and activities.

The holistic approach of the institute stimulates innovation among students by inspiring fresh ideas with different perceptiveness, creative thinking and strong conviction.

Academic excellence with character and personality development is our ultimate goal. The well chalked out academic and co-curricular programme enables the students to attain their full potential to develop sound work habits. The academic work is centered on highly personalized attention and supervision.

We aim to provide quality education in an ideal environment, surrounded by greenery and historical places, and to create a next-generation leader with high ideals and humanity.

We are committed to working together with parents to cultivate individuals who uphold a strong sense of social responsibility, community engagement and familial unity.

Ms. Karuna Nagpal

Welcome to the school

We hope this prospectus provides you with a glimpse into our school's values, approach to education and commitment to empowering our students to reach their full potential.

About the Group

Maharishi Arvind Education Group is a conglomerate of a number of reputed higher and technical institutions offering Job Oriented and Professional Education since 1990 in the field of Science, Engineering and Technology, Management, Pharmacy, Computer Science, Commerce and Research. All the Technical and Professional Institutions are located at Jaipur (Rajasthan).

Over the past so many years, Maharishi Arvind Education Group, has made notable contributions in the growth of the State of Rajasthan, in Education sector. The Group has made equal contributions in the development of national pool of Managerial and Technical Professionals in the country. The present strength of students pursuing various Professional and Technical courses is nearly 10,000. There are more than 1000 highly qualified and experienced faculty members and other support staff working in the Institutions.

The group has established Maharishi Arvind University, Jaipur by the Act No. 25 of 2015 of the Government of Rajasthan, to promote the cause of Higher and Technical Education.

OUR VISION

To become a revered institution where experienced faculties perform as family members. The students are taught beyond the books, to value life skills, to become independent and imbibe positive values in life rather than gain monetary stature alone. We enable them to grow as responsible and compassionate humans as against just successful citizens.

OUR MISSION

Our mission is to prepare students to meet the challenges of an ever changing global society, where they will have skills, values, understandings and courage to undertake positive, productive and rewarding role in that society.

FREEDOM TO LEARN

The Aurobindo International School is an independent pre-preparatory school set in a lovely private location.

At our school, we build strong foundations for children to grow and learn on. We do this by focusing on topics instead of just subjects. This means kids learn important skills, but we make it fun and exciting!

They love this creative way of learning and often grasp key concepts without even realizing it. Another important part of our school is the strong sense of community, a stepping stone in their educational journey. We have a warm and welcoming atmosphere like a big family, so kids feel comfortable and ready to participate, whether it's their first day or their last.

Older kids help younger ones and get more responsibility as they grow. We expect kindness and respect from everyone. We want all our children to feel valued, supported, and encouraged. When they leave us, they'll be fully prepared for the next step in their education.

IN THE CLASSROOM

Our class sizes are small with an optimal teacher student ratio.

At the younger end of the school (Nur-H.K.G.) we offer a flexible approach to schooling, where children can attend as often as the parents and teachers feel is suitable for each child.

As the child progresses and becomes more confident they can take on more sessions as required. All children have an individual learning record and activities planned to support their goals.

Classes 1 onwards are for our full time children. During these years, the children will develop the core skills upon which they will build in later life. Reading, Writing and Numeracy skills are delivered both through practical teaching aids, coupled with our topic based learning.

Clean Environment and Balanced Development

For the ever building growth of seeds, one needs an environment friendly surrounding. We create a special concept of healthy environment with evenly balanced development.

BEYOND THE CLASSROOM

Our classrooms are housed within stunning buildings, situated amidst serene private and secure grounds.

Our school encourages children to get the most out of our grounds, with lessons and playtime happening both indoors and outdoors all year round.

We also believe extracurricular activities are important, so we offer a wide range of sports, languages, music, and drama options. Moreover, there are exciting school trips and events throughout the year to add some extra magic!

Every team within the school programme has its own set of clubs and activities, and special assemblies and field trips are planned to tie in with the learning happening in class. These events help us celebrate special occasions and recognise individual achievements.

A SMALL SCHOOL COMMUNITY

The word 'community' is vital to our approach in Aurobindo International School

We understand the parents are not only looking for a safe and secure environment for their children, they are also looking for a school where the concerns of every child are taken into consideration and where each child is encouraged to reach their full potential.

The family atmosphere at Aurobindo International School is fundamental to helping us achieve those objectives.

The end result is happy children who love coming to school and parents who love to bring them here.

We would love you to visit so we can show you why.
